VOL. 8.

CLAY CITY, KY., THURSDAY, MAY 14, 1903.

NO. 20.

Result of The Primary.

The State primary passed off quietly everywhere Saturday, and from present indications, the following will be the Democratic ticket to vote for this fall: For Governor, J. C. W. Beckham; for Lieutenant Governor, W. P. Thorne; for Auditor, S. W. Hager; for Treasurer, H. M. Bosworth; for Attorney General, N. B. Hays; for Secretary of State, H. V. McChesney; for Superintendent of Public Instruction, J. H. Fuqua; for Commissioner of Agriculture, Hubert Vreeland; for Clerk Court of Appeals, J. M. Chinn.

The vote in Powell was very light. Following is the official count: Beckham, 187; Thorne, 86; Renick, 99; Hager, 160; Chennault, 26; Bosworth, 125; Griffith, 25; Richardson, 25; McChesney, 121; Julian, 33; Hays, 65; Mitchell, 72; Carroll, 9; Sugg, 2; Watt, 63; Fuqua, 30; Watkins, 13; Arnold, 71; Hedger, 93; Frazee, 27; Vreeland, 104; Chinn, 104; Greene 48.

Estill Shiners in Trouble Again.

J. C. Mullins and W. T. Short, revenue officers raided a moonshine still in Estill county on Ross' creek and captured the operator, John McKinney, and destroyed a quantity of whiskey. Some of the crowd fired on the officers, but neither of them was hurt.

Martha Banks was convicted at Campton Monday for the murder of Cal. Davis and sentenced to the penitentiary for thirteen years.

Siler Nominated.

A. T. Siler, of Whitley county, was nominated by the Republicans in convention at Paris last week on the 29th ballot for Railroad Commissioner in this district. This county's vote was cast by Sanford Garrett, a negro well-known to all Clay City people. At one time the vote of the county was contested. This was before it was observed who was casting the vote, but when Garrett stood up and his Ethiopian appearance viewed, Chairman G. W. Gourley at once recognized him and without another protest from the delegates.

Siler, the nominee is a schoolmate of Prof. Eubank, they having attended college at the same time, and was county Superintendent of schools of Whitley the term before the last.

Something a little unusual about this convention is the fact that the chairman of this convention, G. W. Gourley owns a newspaper, and R. R. Perry, J. T. Wilson and A. R. Dyche are also newspaper men. Thus the Republican editors seemed to favorites with this convention.

Irvine's New Paper.

The initial number of the Estill County Herald came out last Thursday. Mr. R. J. White is the publisher. The sheet is a seven column folio, neatly printed, and shows signs of prosperity in the Estill capital. The paper is consistently Democratic, and should receive the united support

of every citizen in the county.

The young editor is both capable and worthy in every respect, and, best of all, is a home boy. If he receives half the support he deserves and that is due him in his undertaking, he will make a crowning success of the venture.

False Report.

The report that B. J. Ewen, a deputy sheriff of Breathitt who was standing by Attorney J. B. Murcum when he was assassinated, had been bushwhacked too, is as false as half the reports sent out from the notorious county.

A Large Fish Caught.

Louis Bradley, one of the most successful fishermen of Powell county, landed a pike last Thursday which weighed nearly 19 pounds. This is the largest fish caught from Red river for some time.

Surpasses Breathitt.

A well-known Louisville minister has made the startling statement that during the past ten years more than 300 murders had been committed in Louisville, and in that time not a single criminal has been executed.

Curt Jett was arrested in Madison on the charge of assassinating J. B. Murcum, and is now in jail at Winchester.

Wm. McCarty will be hanged at Lexington Friday for the murder of his wife last summer.

Furnace.

Garden making is the order of the day.

Farmers are all busy this week in their fields.

Born, to the wife of Mr. C. M. Faught an eight lb. boy.

Roscoe Newkirk is suffering this week with a boil on his lip.

Claude Newkirk attended church at Rodgers Chapel Sunday.

Mrs. Allen-Shouse was the guest of Mrs. Sherman Abney Saturday.

Miss Mary Howell is visiting her grandmother, Mrs. J. W. Newkirk.

Mrs. J. P. Case and children spent Thursday with Mrs. N. P. Wierman.

A number of young people, of Cottage Mountain spent Sunday at the State Rock near here.

Mr. John McKnight, of Cobb Hill, spent Saturday and Sunday with his daughter, Miss Ethel.

Mr. C. Tipton, our hustling overseer, is doing some splendid work on the road between here and Fitchburg.

Messrs. George Blythe and Oscar Newell, of Miller's Creek are visiting their cousin, Master John Newkirk this week.

Mr. Wm. Witt, of Irvine, one of the most prominent and popular Republicans in the county and a gentleman in every respect, was seen on our streets Friday morning.

Quite a number of young friends spent Sunday at the home of Miss Mabel Newkirk. The following were present: Misses Biddie and Nortie Billings, Lowla Holman, Addie Frazier, Minnie Lyle, and Ethel McKnight.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Bearing Fruit in Powell

When Roosevelt, seeking advancement and a surer hold on his party, invited and dined with the Negro Booker T. Washington, we hardly thought his precept would reach Powell so soon, but it has in a slight variation, and Sanford Garrett, of Clay City, is the distinguished and honored gentleman.

While we do not wish to censure the convention which delegated this Negro to the Paris convention and empowered him to cast the vote of the county, we think the inception is a serious mistake on their part.

The Negroes of Clay City have always been humble and have kept themselves in their places, and to begin extending such privileges to them is only adding impudence and an equiponderant disposition to an incapable and a subordinate creature who, in after years, may bring sorrow to our best families through their natural ravish nature. To keep them in their present submissive attitude, we must render unto them only such privileges as will hold them at bay.

We believe in the greatest possible advancement of the Negro, but we do not believe in trying to do so unless they show a fitness for promotion, and then only when it steers clear of any association with the Whites. The Negro must be advanced, but in Negro associations only.

Matters in Breathitt.

The press of the State, together with unprejudiced opinion, hold the officials of Breathitt, to a great degree, responsible for the present state of affairs in that county. This is denied by the officials, and they are likely innocent, but the situation demands a thorough investigation of the charges so openly made, and, if innocent, the accusations stopped. So far, the assassinations go unpunished, and it is alleged the convicting witnesses will not give in their testimony. Under such circumstances it will be hard to convict the guilty in the home court without outside protection, which cannot be sent until demanded by the local authorities, and they have not yet done this.

Those unreasonable and eager editors who are so severely criticizing Governor Beckham for not going up there and getting revenge for them, might go themselves and complete the job, as they are empowered with the same authority that the Governor now is.

In Need of a Change.

Let our county authorities try to introduce another and a more successful system of road working. People can now just begin to stir over the country for the first time with any degree of satisfaction and safety in this county, since last November. Such a condition is shameful; and nothing shows up a lagged population worse than bad roads. If we advance in prosperity and contentment, we must have happy and accessible homes, which cannot be obtained in isolated and obscure sections made so at least six months out of twelve by bad roads and swollen streams. Such is our situation. Shall we continue in such a predicament?

The State primary last Saturday was a success, and proved to be by far the best plan to select nominees. A little soreness is manifested, but nothing like what arises from the ordinary convention, and all this will vanish before the official returns are announced.

The administration is maintaining the precedence Roosevelt established in closing the post-office at Indianola, Miss. because the Negro postmistress resigned her office at the request of the patrons of the office, and the latest is the discontinuance of a rural delivery route at Gallatin, Tenn. because a Negro carrier was held up. Had these officers been white no such action would have been taken. White carriers have frequently been held up, robbed and killed, but we never heard of the service being stopped for this unjust reason until little teddy was placed into the misfit chair, and he and Booker had communed and the latter put on the president's roll of honorary guests at the White House.

When Judge Beckner told in the Paris convention his reason for deserting the party which made him famous, he might have reduced it to brevity and told a true story by saying, "the other side quit giving me office."

Those Democrats (?) who want to nominate Cleveland for the third term should quit making a goose of themselves. No decent Democrat was ever put up for the third term, much less this scab.

The primary Saturday has changed several Democrats, all of us now being for the same men

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"I don't think we could keep home without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

Dr. Miles' Heart Cure
Effectuated Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1866, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. I procured a few bottles of it, also the Nervine and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife insisted on keeping it up, which I did. Improvement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 70 years old, I am comparatively a boy. You sir, are a benefactor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. SLAUGHTER, Salem, Va.

The serious illness of Mr. Aquilla Henry, of Little Creek, noted in our last issue proved to be a stroke of paralysis. Mr. Henry is getting better, and it is thought he will probably get out again.

W. M. Byrnes, Stanton's famous producer of strawberries, was in town Tuesday with a load of rival berries. Mr. Byrnes for the past few years, has been supplying our people with the very best quality of the juicy fruit.

Church Supper.

The ladies of the Christian Church gave a supper Tuesday night for the benefit of the church. One of the nicest suppers ever prepared for such purpose in Clay City, was served on this occasion. The supper netted \$28 05, and everyone present had a delightful time.

The Best Liniment.

I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all dealers in patent medicine.

The Difference.

The difference between a home made paper and one half of which is printed from home is you pay one dollar for your patent sheet paper, nearly one half of which goes to the patent sheet concern, express companies and etc, and the other half to the publisher; while the "home-made paper" gets all except the original cost of the white paper, and if he doesn't get as much from each subscriber, nine times out of ten he will have more after the expense of the patent sheet is footed up, and the subscriber pays only half as much.

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of twenty-five cent size, was permanently cured." Sold by all dealers in patent medicine.

Big Lot of Fish.

The Lexington & Eastern R'y has received 750,000 white perch from the Ohio fish hatcheries, and will place them in the lake at Natural Bridge. The little fish were only three or four days old and were almost invisible to the naked eye, looking like floating patches of jelly. In three or four years those that survive will

weigh from three to five pounds. —Winchester Democrat.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all dealers in patent medicine.

L. & E. Wins Damage Suits.

Judge Hobson delivered an opinion affirming the Powell Circuit Court in the case of John Hockenhammer against the Lexington and Eastern Railway Company. The suit was for \$10,000 damages for a train running into a funeral party and throwing a corpse from a vehicle. The court below ruled that the collision was only between two vehicles and dismissed the suit.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of patters Mill, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for cured me.'" For sale by all dealers in patent medicine.

Successful Singing School.

Prof. Frank Edwards' school closed Tuesday night. The attendance was fair throughout the session, and good attention. The books "Crown of Beauty" he introduced was exceptionally popular, and went like "hot cakes." He could perhaps have sold double the supply he ordered. The Christian church has introduced the new book into their church service. Mr. Edwards proved to be a very popular teacher, and the people here would be glad for him to make up another class.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the results. For sale at 25 cents per box by all dealers in patent medicine.
